### Health and Safety Reminders:

- *Masks/face coverings must be worn properly while on the move and at times when not behind the desk shield.*
  - *Proper mask wearing means that the person's nose and mouth are covered.*
  - *The most common issue we see is students not covering their noses.*
  - *Please make sure your child's mask or face covering fits. If it is too big, it will not cover his/her nose.*
  - *Students who choose not to wear their masks to cover both their mouths and noses will be assigned to lunch detention.*

*Students must use their shields in the classroom.*

- *Students who refuse to use their shields will be assigned to lunch detention.*

*Students are expected to use hand sanitizer when entering and exiting the classroom.*

*Students are expected to wash their hands frequently.*

*Please review the symptom list with your children and remind them they need to stay home if they have any. They are also available on the website. Teachers will send students to the office to be sent home when they notice symptoms.*
