1. What steps are in place to ensure equitable access to, and participation in, federally assisted programs for students, teachers, and other program beneficiaries with special needs. [GEPA 427] [Department of Education's General Education Provisions Act \(GEPA\)](#)

Prior Year Response:

The Flandreau School District recognizes the importance of equitable access to, and participation in, federally assisted programs for students, teachers, and their beneficiaries with special needs. The Flandreau School District has a non-discrimination policy which states that the district does not discriminate based on disability, race, color, national origin, sex, or age. A notice of nondiscrimination will be posted in the buildings and will be included in all handbooks and printed materials associated with the Title programs. The district is in full compliance with the provisions of ADA, Section 504 and Special Education laws and regulations as determined by the local designated representative in each area. The school district ensures that students with special needs are afforded an individual education program that addresses modifications and adaptations a student may need in order to access programs. In addition, if a staff member attends a staff development activity in which he/she needs reasonable accommodations they will be made. In the case of a child with a disability, the program will identify how it meets the objectives of the individual education program of the child. All areas where services are delivered will be in compliance with all disability access regulations. The programs will be accessible to all children and will be free from all physical barriers. Notices will be posted in all school buildings that identify the school district's intent to ensure equitable access to all school children, teachers, staff and other program beneficiaries. If there are any barriers to program accessibility identified throughout the course of these program, the barriers will be addressed. The program will be accessible to all students, teachers, staff, and other program beneficiaries with special needs. Officials' names will be posted at all sites as contacts for anyone who has complaints regarding accessibility.

Title I Part A Specific - Supplement, Not Supplant, Provision (ESEA Section 1118(b))

[Instructions](#)

A local educational agency (LEA) shall use Title I Part A Funds only to supplement, and not supplant, the level of funds that would, in the absence of Title I Part A funds, be made available from State and local sources for the education of students participating in programs assisted under Title I Part A. The LEA is not required to identify that an individual cost or service supported is supplemental; or provide services through a particular instructional method or in a particular instructional setting. However, an LEA must use Title I funds only for allowable costs.

Yes No Does the LEA have only one school per grade span; or if more than one school in a grade span, all schools in that grade span are Title I schools?

The LEA hereby assures the South Dakota Department of Education that:

(1) The LEA distributes its State and local funds to provide a basic education program in all its schools.

(2) The LEA can demonstrate that the methodology used to allocate State and local funds to each school receiving assistance under Title I Part A, ensures that such school receives all the State and local funds the school would otherwise receive if it were not receiving Title I Part A assistance. (ESEA Section 1118(b)(2))

Choose the methodology the best describes the one the LEA has adopted and implemented to allocate State and local funds/resources to schools.

- Distribution based on per pupil amounts or weighted per pupil amounts.
- Distribution based on staffing and supplies.
- Distribution on a combination of per pupil amounts and staffing and supplies.
- Other Please describe

(3) The LEA will maintain the documentation necessary and will provide it upon request to show compliance during audits and program monitoring.

Click on the Instructions Link for examples of Methodologies.

McKinney Vento Homeless

Homeless Liaison:

Title I Coordinator:

* Note - If the information above is not current, please update the contacts in the Central Data Collection.

District homeless liaison and district Title I coordinators are required to communicate and collaborate on an ongoing basis even if there are currently no students who are experiencing homelessness in the district.

Describe the communication process/procedure/timeline. (303 of 2000 maximum characters used)

Justin Kelm, Elementary Principal, is the district's homeless liaison. He communicates and collaborates on a regular basis concerning homeless students with Title I and teaching staff. At various Title I staff meetings, homeless children will be placed on the agenda for discussion and identification.

List the number of identified homeless students in **Title I Part A** schools for the past school year.

List the number of identified homeless students in **non-Title I Part A** schools for the past school year.

Explain what efforts the district makes to identify homeless children. (917 of 2000 maximum characters used)

Our first point of contact is when students are enrolled in the school. Addresses are collected and the enrolling staff member would recognize shelters or false addresses. School staff is another source of information when it comes to identifying homeless children. The principals, one of which is the district homeless liaison, communicate with local agencies such as the Police Department, Moody County Public Health Department, Administerial Association, and Community Counseling. The Homeless Liaison is also available to help homeless children with the school enrollment process, transportation issues, and other student services. The Homeless Liaison will contact the above listed agencies at the beginning of the school year to identify any homeless children in the area. The district will check with the above agencies periodically throughout the school year to see if any homeless children are found.

Yes No Has the district adopted a policy that assures the rights of homeless students? (This is not the compliant/dispute resolution policy.)

Required Homeless Set aside Amount

An LEA must reserve such funds as are necessary to provide services comparable to those provided to children participating in Title I, Part A programs and to provide services not ordinarily provided to other students. Section 1113 (c)(3)(A)

Indicate how the LEA determined the amount that is needed to provide comparable services and then also enter this amount on the Set Aside table row for "Homeless Children" found on the Title I School Selection Step 4 Tab. Was a needs assessment conducted? Provide the date of the needs assessment.

(234 of 2000 maximum characters used)

The district determined the amount using the per pupil amount calculated through Title I public school allocation formula (\$704/pupil) and is using district funds to provide the comparable services. No needs assessment was conducted.

Set-aside for comparable services for homeless students

Set-aside for transportation of homeless students

Total (Can be more than, but must be at least as much as the amount on the Set Aside table row for "Homeless Children".)

Provide a description of the comparable services that will be provided to homeless children. If applicable, include how educationally related support services are provided to these children in shelters or other locations where homeless children may live.

(324 of 2000 maximum characters used)

The district will ensure that students experiencing homelessness in non-Title I schools will receive the same educational services as their peers such as attending classes, receiving free meals, and transportation. These services may be provided to students in shelters and other locations where homeless children may live.

Optional Homeless Set Asides may be added to the required "Homeless Children" Set Aside amount determined above.

Homeless Liaison- An LEA may reserve Title I funds to support the LEA's homeless liaison. Provide a justification and the amount of the Title I funds reserved to support the homeless liaison.

(2 of 2000 maximum characters used)

NA

Transportation- An LEA may use Title I funds to pay the incremental costs to transport a homeless child or youth to his or her school of origin above what the LEA would have otherwise provided to transport the student to his or her assigned school. Provide the amount with a description of how it was determined.

(2 of 2000 maximum characters used)

NA

Please note: Using Title I funds to support a homeless liaison and to transport homeless children and youth to their school of origin does not satisfy the LEAs "comparable services" obligation.
