1. The Schoolwide plan has been completed and uploaded.
2. The schoolwide plan is regularly monitored and revised as necessary based on student needs with the involvement of parents, community, and staff, and to the extent feasible, tribes and tribal organizations present in the community. [Section 1114 (b)(2) & (3)]
3. The plan is available to the local educational agency, parents, and the public, and the information contained in such plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand. [Section 1114 (b)(4)]
4. The plan was developed in coordination and integration with other Federal, State, and local services, resources, and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing comprehensive support and improvement activities or targeted support and improvement activities under section 1111(d). [Section 1114 (b)(5)]
5. The plan is based on a comprehensive needs assessment of the entire school that takes into account information on the academic achievement of children in relation to the challenging State academic standards, particularly the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards and any other factors as determined by the local educational agency. [Section 1114 (b)(6)]
6. The school assures that all paraprofessionals are state qualified and work under the supervision of qualified teachers to support instruction.

If there are paraprofessionals in the school, describe how they are utilized. This includes SPED paraprofessionals. If there are no paraprofessionals working in the school, please indicate that in the narrative box.

The paraprofessionals use lesson plans created by the Reading and Math Specialists and classroom teachers. They supplement the core education program by observing the lesson taught by the teacher and then working either individually or with small groups of students in the classroom. Occasionally students are pulled out on an as needed basis. They communicate and collaborate with the teachers to ensure they are providing the types of services needed for each individual child.

7. The school assures all costs are:
 - * **Reasonable:** consistent with prudent business practice and comparable current market value
 - * **Necessary:** required to carry out the intent and purpose of the Title I, Part A program; and
 - * **Allocable:** chargeable or assignable in accordance with relative benefits received.
