What will I need to bring back to school?	<ul style="list-style-type: none"> <li><input type="checkbox"/> Page 113 and page 127 - these can be returned 3/30, <b>OR</b> complete on Google Classroom and turned in.</li> </ul>
What materials do I need?	<ul style="list-style-type: none"> <li><input type="checkbox"/> Students will need their science books.</li> </ul>
What can I do if I finish early?	<ul style="list-style-type: none"> <li><input type="checkbox"/> Thinkcentral online lesson's and online labs will be available. If you need your password or need help to access it please contact Mrs. Albertson.               <ul style="list-style-type: none"> <li><input type="checkbox"/> <a href="http://www-k6.thinkcentral.com">www-k6.thinkcentral.com</a></li> </ul> </li> <li><input type="checkbox"/> Quizlet               <ul style="list-style-type: none"> <li><input type="checkbox"/> Possible quizlet lives could be added throughout the week, times will be emailed out via infinite campus</li> </ul> </li> </ul>
Who do I contact if I have questions?	<ul style="list-style-type: none"> <li><input type="checkbox"/> Mrs. Albertson -               <ul style="list-style-type: none"> <li><input type="checkbox"/> Email: <a href="mailto:Brooke.Albertson@k12.sd.us">Brooke.Albertson@k12.sd.us</a></li> <li><input type="checkbox"/> Google Voice: 605-679-7712</li> </ul> </li> </ul>
Notes from my	<ul style="list-style-type: none"> <li><input type="checkbox"/> Please contact me with any questions that you have. Do the</li> </ul>

teacher:	best you can with the lessons and the worksheets. This was sent home on Friday 3.13 with the students, please note a couple items have been added to help with understanding, these are underlined and italicized in the section with tasks to complete.. If this is already done great! You are ahead of the game. Keep up the good work.
Standards being taught:	<input type="checkbox"/> <b><u>MS-ESS2-6:</u></b> Develop and use a model to describe how unequal heating and rotation of the Earth cause patterns of atmospheric and oceanic circulation that determine regional climates.
